

# ELiPLAN Lite

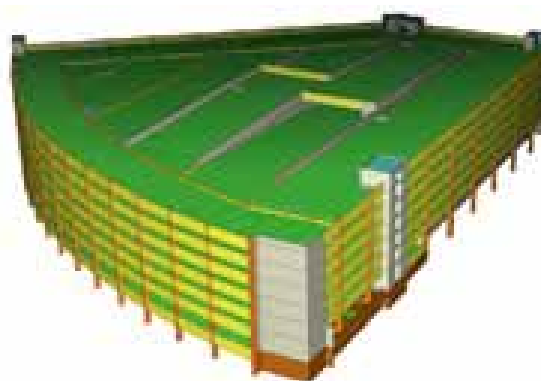

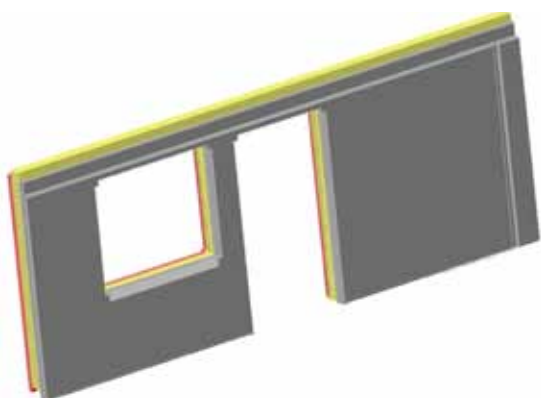

*ELiPLAN Lite is suitable for any precast production from flooring to walls, etc.*

## ELiPLAN Lite

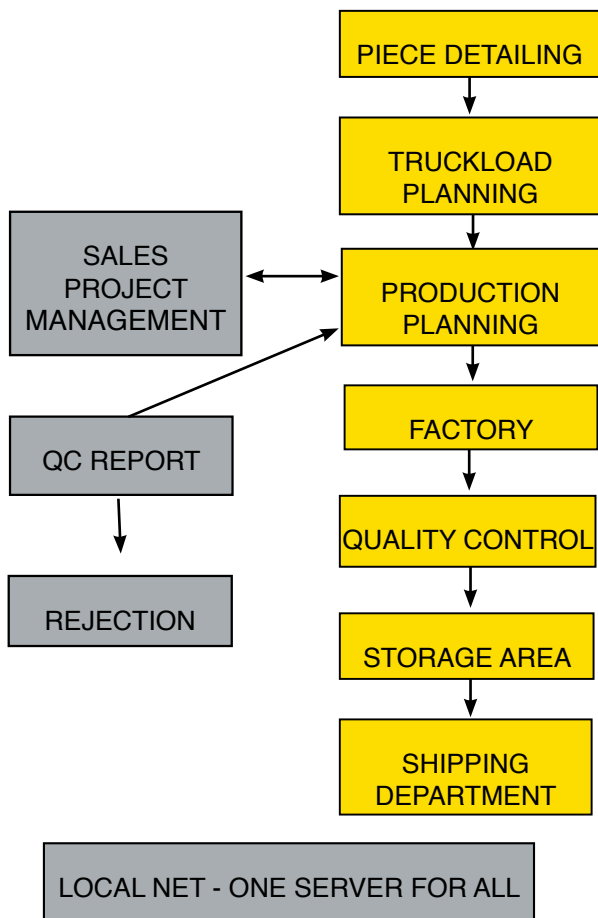

From project management to production, storage and delivery - the precast process at its simplest - so let's make an ERP solution just as simple to start with - was the carrying idea when Elematic's R&D designed the ELiPLAN Lite.

ELiPLAN Lite can always be built up to a full size ELiPLAN ERP with a starting investment of roughly 1/3.
